

# Wollaton Badger Survey

Badgers are frequently seen in the Wollaton area on streets and in gardens. For many people they are a very welcome visitor whilst other people have concerns about the damage they can cause to their gardens. The purpose of this survey is to help us to establish how many badgers live in Wollaton and where they forage and to help inform plans to reduce their impact whilst conserving the badger population. **Please return the form even if you never see badgers in your area.**

## 1. Location

Post Code

House number (optional)

*Please circle the appropriate answer*
